Team leader:

Members:

Guidelines:

1. Each team will meet only as necessary.
2. A board member will serve as leader of each team.
3. Recruit a minimum of two additional co-workers—one church member and one regular attendee. Try to include representatives of various ages, ethnicity, gender and interests. Some teams need to be much larger to handle the work load.
4. Attention should be given to how well individuals function as a team, what perspectives or talents they bring, and their abilities to grow as leaders.
5. Plan your meetings well so they are worth attending.
6. Recruit your team by _____. Report personnel to the church board at its next meeting.
7. Meet with your team by _____ and plan the year together. Report plans at the _____ board meeting. Set a time to meet with your task force and include the Pastor in the first meeting.
